PETITION DISMISSED.

Auditor's Agent Gets Badly Knocked Out Again Some More!

It will be remembered that the Auditor's Agent in and for the good old county of Mason some time ago trumped up a "lease" held by the Chesapeake and Ohio Railway Company from the old Maysville and Big Sandy Railroad Company.

This was such a surprising "find" that the Auditor's Agent jumped on the C. and O. like a Kansas grasshopper on a pumpkin vine, and at once set about making the railway people pay a "franchise tax" of \$90,000 on this lease.

After expending many gallons of midnight oil and gray matter, a petition was presented in the County Court advising Judge Newell of the bonanza that had been uncovered, and telling him just what he had ought to do, p. d. q.

But the Judge looked at matters through a different headlight and dismissed the petition on the ground that he had no jurisdiction.

Then the Auditor's Agent spent some more coal-oil and gray matter and went into Judge Harbison's Court asking for a mandamus to compel Judge Newell to do what the Auditor's Agent wanted done.

But, like Judge Newell, Judge Harbison yesterday dismissed this petition also, concluding that he had no power to compel Judge Newell to do what the Auditor's Agent wanted done.

What the next step in the farce will be, the good Lord only knows.

## MRS. DELMORE DAULTON.

Death Yesterday of This Christian Woman in the Fifth Ward.

After a lingering illness Mrs. Hannah E. Daulton, wife of Mr. Delmore Daulton, died yesterday at 17 minutes to 1 o'clock at her home on East Second street near Poplar.

For several weeks she had been an intense sufferer, but she bore affliction with the most sublime fortitude.

Mrs. Daulton was born near Shannon January 6th, 1836, and with the exception of a short time in Fleming her entire life had been spent in Mason county.

She was a fond wife, an affectionate mother, and a neighbor that was beloved by all who were privileged to know her.

Besides a sorrowing husband there survive four children—Mrs. Alice Payne and Mrs. Wallace Chappell of this city, Mrs. George Gaywood of Morehead and Mr. Ernest B. Daulton of Cincinnati.

The funeral will occur from the residence at 2 o'clock this afternoon, with services by the Rev. W. F. Taylor of the M. E. Church, South, of which she was a devoted member, assisted by the Rev. Howard T. Cree of the Christian Church.

Interment in the Maysville Cemetery.

WALKING TREASURE-SHOP!

The Local Police Make a Most Unexpected Capture.

COLLINS HAD MONEY TO BURN!

George Collins, the particulars of whose arrest were given in yesterday's LEADER, turns out to be a regular walking goldmine.

In addition to the \$750 gold watch found on his person, the three valises that he tobed about with him were depositories of much additional wealth, a search revealing a goodly supply of wearing apparel, supplemented by this partial list of other valuables—

Plute, with sweet potato and picotte attachment.

About twenty pocket-books of various kinds.

\$15 in \$20 gold pieces.

\$50 in other gold pieces.

\$20 bill.

Two \$1 bills, 1 silver dollar, 1 quarter and 2 nickels.

Half a gallon of Mexican brandy.

Two pairs of alligator-hide boots, brand new.

Massive gold watch-chain, with gold fob and old-fashioned chain and links with picture of Mexican, all weighing fully half a pound.

30 paper clips.

Heavy rough gold ring.

Diamond cluster ring.

Pair gloves.

Old-fashioned Civil Army pistol.

Iron-handled Smith & Wesson revolver.

Dozen pair kid gloves.

Two from Palmer House and various other bottles, also of K. O. P. charms, clock, railroad tickets, etc.

Officer Harry Ort yesterday took the watch to Cincinnati, supposing it to belong there, but has so far been unable to locate an owner.

Collins, as stated yesterday, plies his profession of begging among Church people; and it is said that at least two Maysville Ministers who "turned him down" earned his displeasure and were cursed in several languages for their hard-heartedness.

Altogether, it looks like Collins is an all-around thief, taking anything and everything that isn't red-hot or nailed down.

The credit for his arrest belongs to the Rev. F. W. Harrop, who had encountered the fellow some years ago, and who informed the Police of his methods.

He will have a hearing before Judge Wadsworth this afternoon, charged with begging on the street and obtaining money under false pretenses.

## THE COAL FIELDS.

The Reports of Damage by the Flood in West Virginia Greatly Exaggerated.

THE LOSS WILL NOT EXCEED \$500,000.

The Number of Lives Lost is Now Estimated at Not More Than Sixty or Seventy-Five.

Miles of Railroad Track are Washed Out and Great Gulches have been Created—The Damage at Keystone.

Roanoke, Va., June 25.—The following report statement by the general officers of the Norfolk and Western railroad, summarizing the situation in the light of the latest dispatches, was Monday night given out:

Restoration of the telegraph lines developed that the damage by flood through the coal fields was exaggerated. The loss of life will not exceed 60 or 75, and the damage to property, including repairs to railroad and coal operations, will not exceed \$500,000. It is expected the railway will get into an open through Tuesday or next day.

There was very little news received here Monday from the West Virginia flood. One train came in Monday afternoon, but not much new information could be gained from the passengers. The trains are now running from Bluefield and Elkins, which places are just outside the territory visited by the cloudburst on last Saturday morning.

Wires are Still Down. The wires all being down west of Bluefield save one wire which goes through to Elkins, but is being used as a train wire, prevented the public from gaining any news and further news. How many are dead is not definitely known, and it is necessary will be several days yet before the exact number can be ascertained officially. The various reports in circulation here are that from 50 to 75 persons have been drowned. It is probably safe to assume that the figures are more correct than the latter.

The damage to property is estimated to amount to hundreds of thousands of dollars. Miles of railroad track are washed out, and great gulches have been created. The devastated section covers an area of about 20 miles west of Bluefield. It is a narrow valley, not much wider than a broad stream in some places.

Hundreds of Houses Washed Away. Coal mines are scattered all along the road. Keystone, the town reported to have been so greatly damaged, and which was at first believed to be wiped out, is now a village of between 2,000 and 3,000 people, and is built along the narrow valley, and on the sides of the bluffs. There is a creek which runs through the town, over which most of the houses are built on piles and rocks. This creek runs in a zig zag way through the narrow valley and has a gradual fall. The mountains on either side look up for hundreds of feet, and the town is so narrow in places that one is obliged to go into the arms of it to see the sky. Persons familiar with the situation of the town say that it would be a death trap if the flood was not so great.

Yet they reason that the flood occurring during the daytime there was no reason why many people should have been caught in the fury of the maddened waters. All reports agree that between 200 and 300 houses were swept away in the Elkhorn valley.

As Fear of a Flood is Characteristic. Charleston, W. Va., June 25.—The water in the Kanawha, without reaching the danger line here, began to recede and all fears are now past. In the coal regions above here, at Montgomery \$75,000 to \$100,000 damage was done by the cloudburst, none by the flood in the river.

Gov. White Appeals For Aid. Charleston, W. Va., June 25.—Late Monday night Gov. White issued an appeal for aid for the flood sufferers in the Flat Top coal region of West Virginia only. Any outside aid had best be in money, and can be sent to the adjutant general, Charleston, or by any bank cashier, Bluefield. Thousands of miners are homeless.

WENT OVER THE DAM. Three Small Boys, All Under 11 Years, Drowned While Bathing at Grand Rapids, Wis.

Grand Rapids, Wis., June 25.—Three small boys, all under 11 years of age, were drowned while bathing in the Grand Rapids river here Monday. They were: Sidney Larson, Arthur Cahn, and Clarence Reue. The boys went in for a swim, and, getting beyond shallow water, were swept off into the deep water below.

A Tax Decision. Washington, June 25.—Commissioner of Internal Revenue Yerkes has held that brokers who are members of a stock exchange outside of New York and who do business with the New York exchange do not have to pay a tax of \$2 on each transaction as the law is paid by the brokers on the exchange.

Hot Weather in Wisconsin. Black River Falls, Wis., June 25.—The mercury registered 100 here Monday. Hans Ojerwatt, while having, was sunstruck and his recovery is doubtful.

## INSANE FROM OVERSTUDY.

A College Graduate Shoots One Sister, Fired at Another and Then Shot Himself.

Boston, June 25.—Richard Friedman shot and killed his sister Rosa, aged 21, attempted to kill his sister Helen, aged 17, and then shot and killed himself on a crowded west end thoroughfare here Monday. Miss Helen was not hit by the bullet intended for her, but as the pistol was discharged she fell fainting to the sidewalk. It was at first thought that she, too, had been killed, and the brother apparently believed that his bullet had found the mark, for it was not until both sisters were prostrate that he turned the pistol towards his own body.

Friedman was 25 years old, and had just finished a course at Harvard dental college. Insanity, caused by overstudy and ill-health, was declared to have caused his action.

## INTO AN OPEN SWITCH.

Train Wrecked Near Pittsburgh—Two Killed, Three Fatally and Many Seriously Hurt.

Pittsburgh, Pa., June 25.—Train No. 23 was wrecked at Monaca, about ten miles west of here, Monday evening, and two persons were killed, three fatally injured and 40 others more or less hurt.

The train, while going at great speed, ran into an open switch at Monaca and went over an embankment about 25 feet high. Every car was turned over, two of them going over the side.

The flyer, which left here at 4:30 for Cleveland, had its coaches well filled with passengers, and the wonder is that there were not more fatalities. Fireman Cunningham, when taken from the wreck, was found to be horribly crushed. His death must have been instantaneous.

## PRISONERS OF WAR.

Five Hundred Filipinos Liberated By Order of Gen. MacArthur to Signify a Surrender.

Washington, June 25.—The war department has made public an order issued by Gen. MacArthur on May 30 liberating Filipino prisoners. The order follows:

MacArthur, commanding insurgent forces in the provinces of Batana and Zamboanga, and Gen. Lacuna, commanding in the provinces of Lanao and New Biscaya."

## STEADILY IMPROVING.

Mrs. McKinley, on Monday, Was Able to Go Down Stairs and Take Luncheon.

Washington, June 25.—For the first time since she was brought home from California in a very feeble condition, Mrs. McKinley Monday was able to go down stairs and join the president while the latter was at luncheon. She remained at the table for some time, and then returned to her room, having enjoyed the break in the daily routine of life for the past month. Apparently she was not fatigued by the extra exertion. Mrs. McKinley's general condition continues favorable, and Dr. Riley said Monday night she was improving steadily.

## VALUABLE TIMBER LAND.

A Suit to Set Aside Patents For About 10,000 Acres Now Under Control of Senator Clark.

Helena, Mont., June 25.—United States District Attorney Rodgers Monday began an action in the federal court against United States Senator W. A. Clark, by which the government seeks to have set aside patents for about 10,000 acres of valuable timber now under control of the senator. The government claims that the lands were taken up within the last three years under the timber and stone act by persons who, contrary to law, filed on them for speculative purposes and knowing that they expected to dispose of them to Senator Clark or his agents.

## Accidentally Killed.

## SAD HOMEcoming.

Secretary Hay and Family, With the Remains of Adelbert, Leave New Haven.

WILL REACH CLEVELAND TUESDAY.

They Will Go at Once to Lake View Cemetery, Where Interment Will Be Made.

The Secretary of State Has Apparently Recovered in a Large Measure From the Prostration of Sunday.

New Haven, Ct., June 25.—At 7:10 Monday evening the body of Adelbert S. Hay, who was killed by a fall from a third-story window of the New Haven house early Sunday morning, was started on the journey to Cleveland, O., where the funeral and interment are to take place. In the party accompanying the body were Hon. John Hay, Mrs. Hay, mother of the dead man; the Misses Hay, his sisters; and Clarence Hay, a younger brother.

Arrangements for the departure from the New Haven house had been perfected during the day while the members of the family who came here were awaiting the arrival of the mother and Miss Alice Hay, the youngest daughter, from Newburn, N. H. Mrs. and Miss Hay reached the city at 5:30, and, entering a carriage, were driven directly to the Moore residence on Washington street. There mother and father met. After the sad greetings, Col. and Mrs. Hay, with their daughters, Helen and Alice, and Clarence, who had entered the quiet room where the dead lay.

Casket Closed Forever. For a few minutes only they remained, and then the casket was closed to be opened no more. All the members of the family went through the trying ordeal calmly. Secretary Hay had apparently recovered in a large measure from the prostration of the preceding day, and Mrs. Hay and her daughters, although showing evident traces of their sufferings when they came out of the house an hour later, bore up well.

Immediately after the closing of the casket the body was taken to the railroad station. About 7 o'clock the family, with Mr. and Mrs. Wade of Cleveland, arrived from the Moore house. The casket, enclosed in a massive box of polished mahogany, was placed in a comfortable mail and express car, and the train left for New York.

The party will reach Cleveland Tuesday at 12:30. Arriving there, they will go at once to the Lake View cemetery, and in the chapel there will be held the last rites. The general feeling of sadness so noticeable Monday morning still pervades the throngs of graduates in New Haven Monday night, and especially is this true of the 98 men with whom Adelbert S. Hay spent the four years of undergraduate life.

Messages of Condolence. Secretary Hay received messages of condolence from many distinguished persons, among them King Edward VII. of England; President Loubet, of France; Lord Roberts, Earl of Rosslyn; Lord Pauncefote, Sir Henry Irving, Ambassador Porter and nearly all the foreign ministers in Washington.

Havana, June 25.—The condition of Gen. He has been forced to take to his bed. Surgeon Maj. Havard, the general's attending physician, has used absolute rest until the fever subsides.
